

Dear guests,

we have the pleasure of presenting our brief but nearly forty-years-old history.

*Hotel Ambasciatori **** was opened in December 1967 and it is located in one of the most pleasant areas of Brescia, close to the Cidneo hill and at only 700 metres from the city centre and the Santa Giulia Monastery.*

In those years this part of the city was characterised for being new, dynamic and supporter of the development of the northern part of Brescia, in particular towards the Hospital and Valtrompia, a very important industrial district known at international level for house products, mechanics and sports weapons.

At that time Hotel Ambasciatori was directed by Giancarlo Fantini and it became very important for the hospitality of the city, especially for its high-quality service, for its renowned restaurant and for its American bar, a place where citizens could meet and stay together. Hotel Ambasciatori was directly managed from 1973 to 1983, and again by our family since 1992.

The pleasure of “welcoming” characterises every single effort we do. We try to improve our “Home” with this politics, step by step, year after year. Our purpose is to create a warm and welcoming atmosphere, where our guests feel like at home. Another goal that we pursue with persistence and constancy is to work with a kind, but specialised and discreet staff.

The rooms we offer are furnished to give you the maximum comfort and a relaxing atmosphere after a hard day of work or a long journey. Small details like parquet or Persian carpets make them even more comfortable and elegant.

Our restaurant is particularly suitable for business-dinners, for important occasions, or even only for those moments in which guests want to taste both international and traditional dishes from Brescia.

Our bar offers a comfortable lounge with a “Pianoforte”, ideal to relax while drinking a cocktail, a long drink or just while talking about work.

Our three meeting halls are completely equipped for different kinds of events and they are characterised by wide windows that fill natural sunlight. Moreover they offer a panoramic and suggestive view over the roof of the city and over the castle.

A brand-new fitness room, situated at 7th floor, has a delightful panoramic view over the Castle and gives to guests the possibility to find some time for themselves and discharge the stress of the day or the tiredness after a long trip.

We dedicate particular attention to our guests’ television amusement. In effect we now have 7 national channels, 12 international channels, 6 sky channels, 4 music channels, 4 local channels and many DTTV channels so that guests may maintain their habits and be well-informed about news from their country.

We are really pleased to welcome you to Hotel Ambasciatori and we hope you will feel at home, even if you are away from it.

Alessandro Fantini
